Projects:
Company Website
Description:
○ Developed the company website using React.js and Tailwind CSS, featuring a comprehensive showcase of services and courses offered.
○ Employed advanced web techniques such as sliders, parallax scrolling, intersection observers, and animate-on-scroll (AOS) effects to enhance user engagement.
○ Incorporated a user-friendly contact page facilitating email communication with visitors.
○ Leveraged router, props, and functional components to ensure content delivery.
○ Implemented separate pages dedicated to each service and course for streamlined navigation.
Technologies Used: React.js, Tailwind CSS
Npm Used: emailjs, react-splide, react-fast-marquee, react-intersection-observer, react-scroll-parallax, react-spring,react-icons

Food Delivery Website
Description:
○ I developed a food delivery web application using the MERN stack.
○ The application allows customers to register and login, browse menus, add items to their cart, and checkout securely.
○ Customers can quickly create an account, login, and view their order history.

- The application also includes features such as quantity and variety selection, with all orders being listed in the order section.

Technologies Used: React.js, MongoDB, Node.js, Express.js

NPM Used:
- For frontend: axios, react-bootstrap, react-router bootstrap, react-router-dom, redux, redux-thunk
- For backend: dotenv, mongoose, nodemon(not used in deployed version), router, uuid

My Portfolio Website

Description:
- I created a comprehensive portfolio that showcases my professional abilities and achievements.
- The portfolio features an 'About Me' section that highlights my experience and qualifications, a 'Skills' section that outlines my technical and soft skills.
- A 'Sample Projects' section that demonstrates my proficiency in various technologies.
- To get in touch with me, please visit the 'Contact Me' page, where you can send me an email directly.

Technologies Used: React.js, Tailwind CSS

NPM Used: Emailjs

Experience:

https://www.linkedin.com/in/subhashis-das-295709145/

I bring 4 years of experience as a recruiter, but I have recently shifted my career goals to pursue Full-Stack Development. To achieve this, I successfully completed a comprehensive course at Dice Academy. I am now eager to leverage my skills and expertise in this field and explore new opportunities.
